*****BPG & COVID-19 Update*****

Dear BPG members,

We wanted to give you an update on BPG directives concerning the unforeseen situation the COVID-19 virus is causing all of us.

- #1** Please follow the Government directives and **stay home**. All Canadians need to make efforts to contain the Virus.
- #2** The BPG Board of Directors has opted to ask **all suppliers to hold all orders** for all accounts. If you have a special order, a custom order or something presold, you will have the option to release it as long as the supplier is shipping.
- #3** The majority of our suppliers are based in Ontario and Quebec, both provinces are in lock-down. All non-essential services and companies are closed. Which includes all golf companies. Therefore, let's follow their lead and stay home.

The BPG Team is working from home and we are available if you have questions. It will be our pleasure to answer any questions you may have.

Stay safe and stay home.

Best regards,

The BPG Team
